KEY FACTS

2002 Ridership Trends

- 90% of all local transit trips in the GTA are carried by the TTC.
- 68% of the Toronto population use the TTC at least once per month.
- 81% of the Toronto population use the TTC at least once per year.
- 88% of Toronto residents who have used the TTC in the past year have used the subway.
- 85% of Toronto residents who have used the TTC in the past year have used surface vehicles/routes.
- 96% of Toronto residents live within 400 metres of any TTC service.

2002 Major Milestones

- On November 22, 2002, the Sheppard Subway officially opened, marking the first time in 17 years that transit riders set foot — and wheelchair — on a new rapid transit line in Toronto.
- Summer 2002 saw the TTC carry more than four million rides using special passes issued during World Youth Day festivities and Papal Visit over a one-week period in July.
- On December 10, 2002, trains at Bloor-Yonge Station officially welcomed the TTC’s 24 Billionth Rider. With one billion customers riding every 30 months, the 25 Billionth Rider is expected in 2005.
